

# VIRTUAL FIELD TRIP

## QR CODE IDEA

### App: Sphere

Task: Scan the code to get the location of your tour. After scanning, you can observe the location using the Sphere app or via your Safari browser. As you are viewing the location, answer the following questions in paragraph form in a notes or word processing app and e-mail them to your teacher.

Where are you?

What do you see?

Would you go there? Why or why not?
